National day against bullying at school

Thursday 9th November is the national day against bullying at schools in France. Activities take place throughout the year, but to mark this day at the start of the school year, we are inviting children to dress in blue on Thursday 09/11.

Semaine des Lycées Français du Monde

The LFIB is taking part in the 7th Semaine des Lycée Français du Monde from 27th November to 2nd December on the theme: "Learning, committing, thriving: sport for all".

This is an opportunity to highlight some of our sports projects and events: the launch of the "Swimming for the Pattaya Orphanage" solidarity and sports operation on 28/11, Goalball national team event for CE2 pupils on 28/11, the Maternelle Olympics on Thursday 30/11 and Football Night on 01/12.

Solidarity initiatives

As part of the Health and Citizenship pathway for students, the LFIB supports associations is offering solidarity initiatives. "Giving Tree" bags are currently being collected. Don't forget to drop them off *before 30th November*.

La Petite Librairie Solidaire organised a book sale on 20/10 in the maternelle reception area during the Halloween festivities. Parents turned out in large numbers and over 260 books were sold, promising some good reading over the holidays! The proceeds will be donated to the NGOs supported (Kids go to school, Hope-Bangkok, Enfants du Mékong).

Pollution action protocol

We would like to draw the attention of new families to the LFIB Pollution Action Plan. In the event of a pollution peak, this plan is activated and has immediate consequences for your children's school life: indoor recess, outdoor recess for pupils wearing masks and the cancellation of outdoor sports sessions, etc.

It is essential that each pupil has PM 2.5 pollution masks in his or her bag (a model of your choice; LFIB does not provide masks for pupils) from November so that they can continue to play outside with masks if the threshold allows.

REMINDERS

Photos at school

As you know, image rights are a sensitive issue. We would like to remind you that during school events, you are not allowed to take photos of pupils (other than your child). Similarly, when you come to school for an appointment or to accompany an outing, you must not use your camera.

Finally, we have noticed that in maternelle some parents take photos of pupils playing in the playground from the reception area, or film the classroom from the windows in the morning. These recordings are not authorised either.

We thank you in advance for following these instructions out of respect for the choices made by families and staff with regard to image rights.

Loy Krathong

We will be celebrating Loy Krathong at school on *Monday 27th November*. The maternelle and elementary Thai teaching teams will send you a more detailed programme by e-mail a few days beforehand.

Medical visit for GS students

As every year, the LFIB is organising a medical check-up for GS pupils. Teams from the Paulo Hospital will be present on *Thursday 16th November*.
